# Criteria for cooperation

---

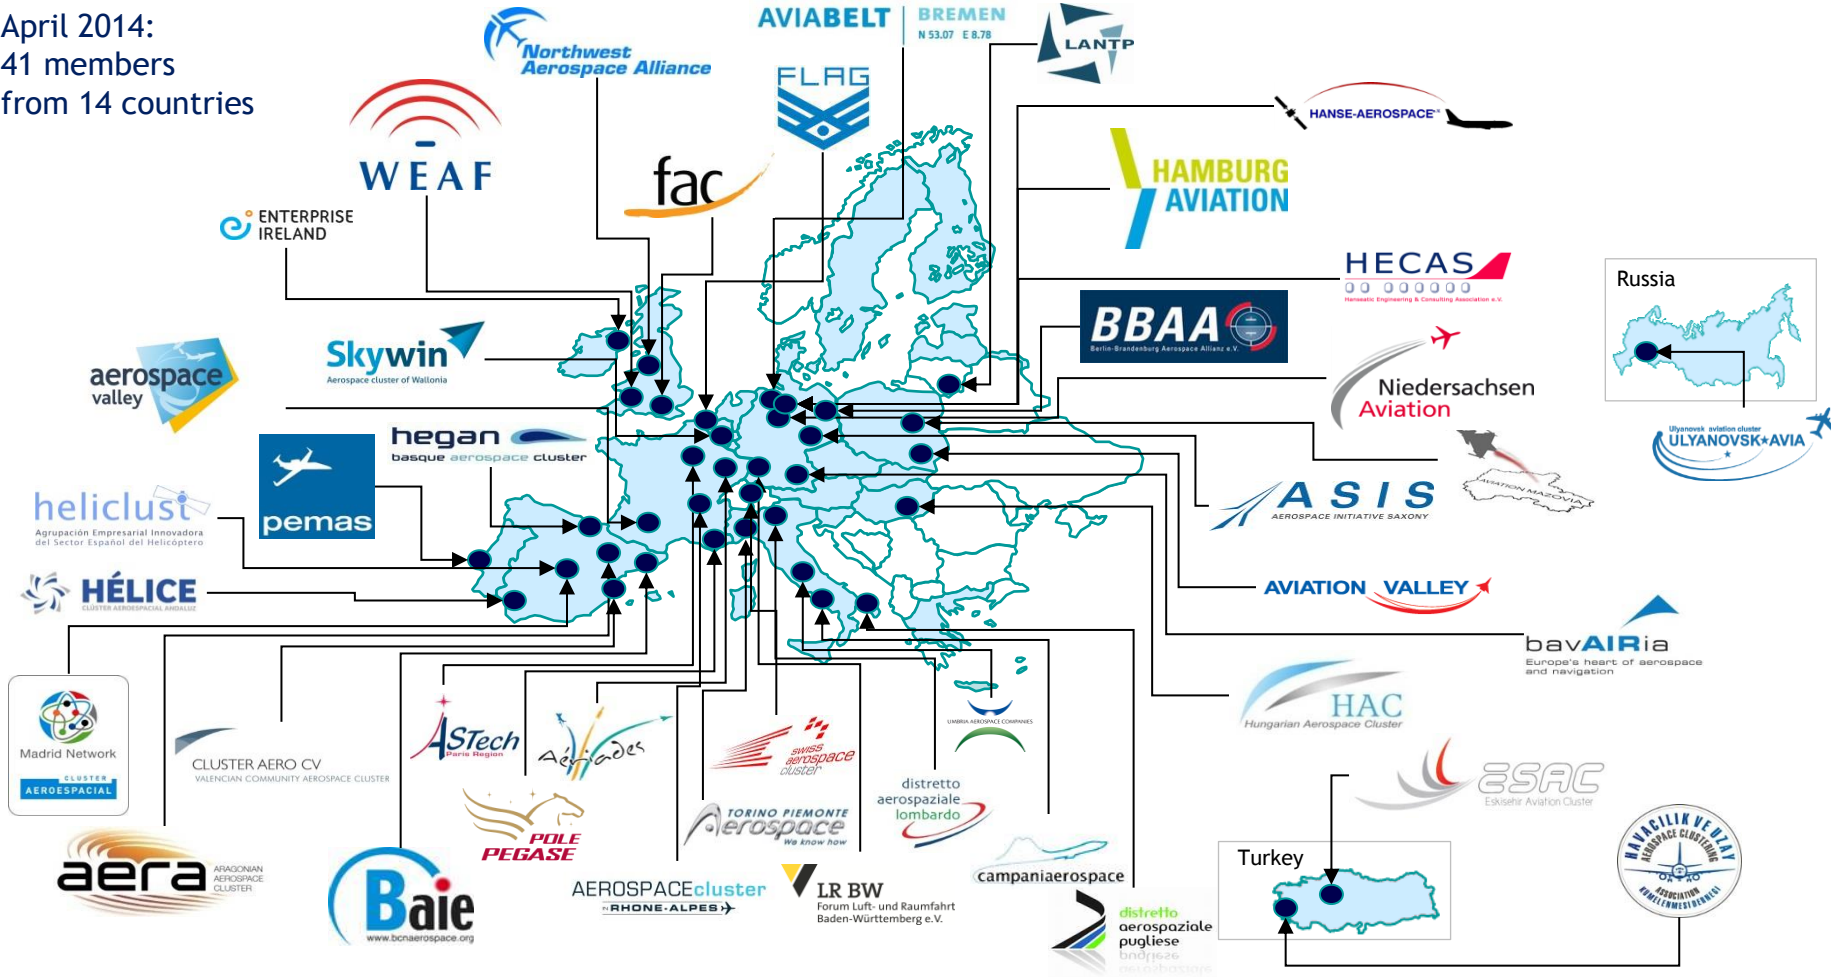

- ⊙ Communication language is **ENGLISH**
- ⊙ **Focus on aerospace** (civil aviation)
- ⊙ Geographical restriction **EU and adjoining countries** (eligibility to European funds)
- ⊙ Proof **cluster criteria** (incl. legal entity)
- ⊙ **Mutual interest** in collaboration (principle of reciprocity – win win)
- ⊙ **Active** participation
- ⊙ **Competent point of contact** (procuration)
- ⊙ **Comply with the deadlines** set by the network manager
- ⊙ **Share information** about your cluster (website, etc) and local industry developments
- ⊙ **Open your network** activities to all EACP members
- ⊙ Agreement to **LOI**
- ⊙ Every member has the **same power** (equity)

# Members of the European Aerospace Cluster Partnership

April 2014:  
41 members  
from 14 countries

European Union  
European Social Fund ESF  
Keeping Hamburg in work

Representing more than 4600 companies, 460 research institutes, and 125 public institutions.

# EPAC

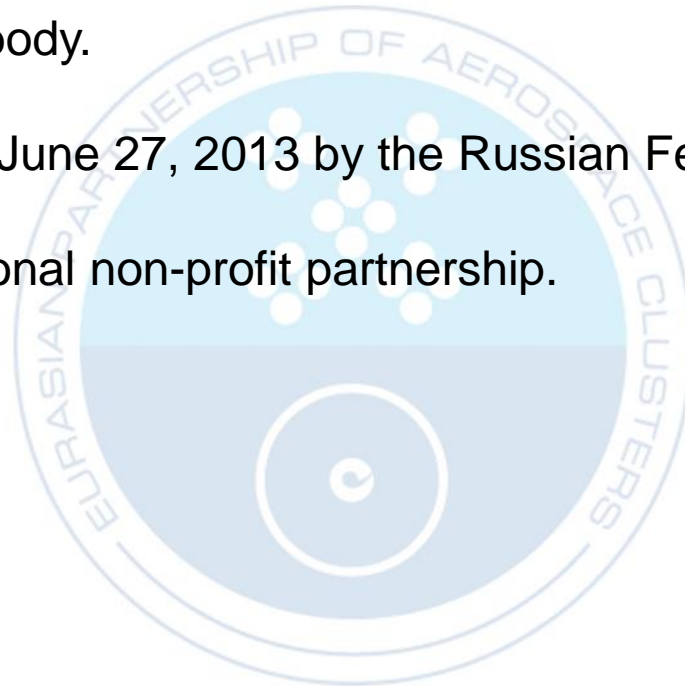

EURASIAN PARTNERSHIP OF AEROSPACE CLUSTERS

EPAC – legal body.

Registered on June 27, 2013 by the Russian Federation Ministry of Justice  
as an international non-profit partnership.

## Mission Statement

EPAC aims to gather all aerospace clusters in CIS to contribute to the development and the growth of the CIS industry and Innovation.

EPAC will develop efficient collaboration among the CIS clusters and to network EPAC with international clusters and at 1st with EACP in EU and with European Commission.

EPAC aims to develop programs about competences improvement, innovation, competitiveness, internationalization, ...

EACP aims to be a platform to raise new ideas and to answer the key challenges of its industry by organizing a Congress at international level in Russian Federation

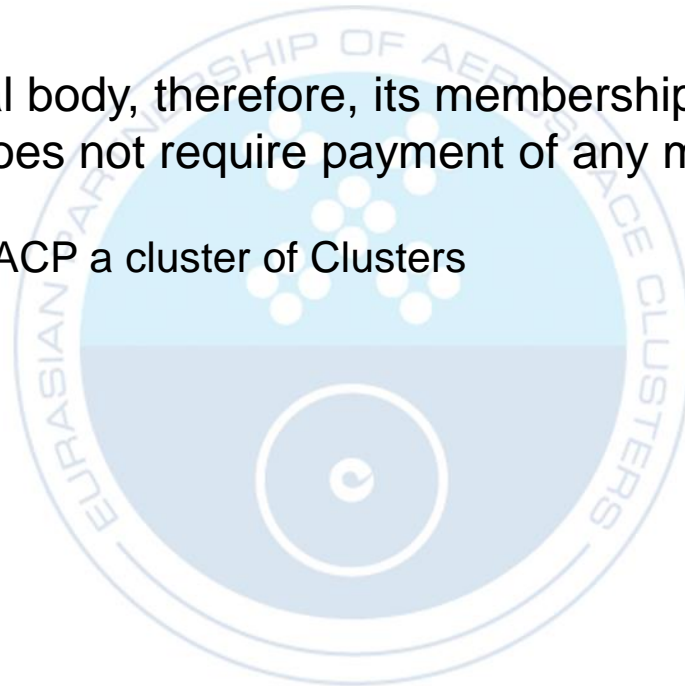

## EPAC members:

- ✓ aerospace clusters of the Common Economic Space countries (since 1.01.2015 – Eurasian Union);
- ✓ aerospace clusters of the Commonwealth of Independent States (CIS) countries;
- ✓ aerospace clusters of the European Union and other European countries interested in implementation of joint projects;
- ✓ aerospace clusters of Asian countries interested in implementation of joint projects;
- ✓ international associations contributing to cluster development; organizations aimed at assistance to cluster development and implementation of joint projects.

EPAC is a legal body, therefore, its membership is formalized.  
Membership does not require payment of any membership fees.

EPAC is a like EACP a cluster of Clusters

EPAC superior body – general meeting of its members.

Current activity of EPAC is managed by the Partnership Council elected from among its members.

EPAC has the Supervisory Council consisting of eminent persons of the aerospace industry and science, public and community officials.

EPAC forms committees, task and expert groups.

## Declared on EPAC membership

### **Aerospace clusters of Russian regions:**

Moscow region (Skolkovo)

Samara region

Yaroslavl region

Ulyanovsk region

Novosibirsk region

Krasnoyarsk Territory

Khabarovsk Territory

With CIS states clusters EPAC could gather more than 20 clusters

### **EU aerospace clusters:**

Pôle Pégase

ASIS

### **Organizations and Associations:**

International union of instrument & ITT engineers

Vneshaviakosmos

Vector NG

Annual event of EPAC – Eurasian Aerospace Congress.

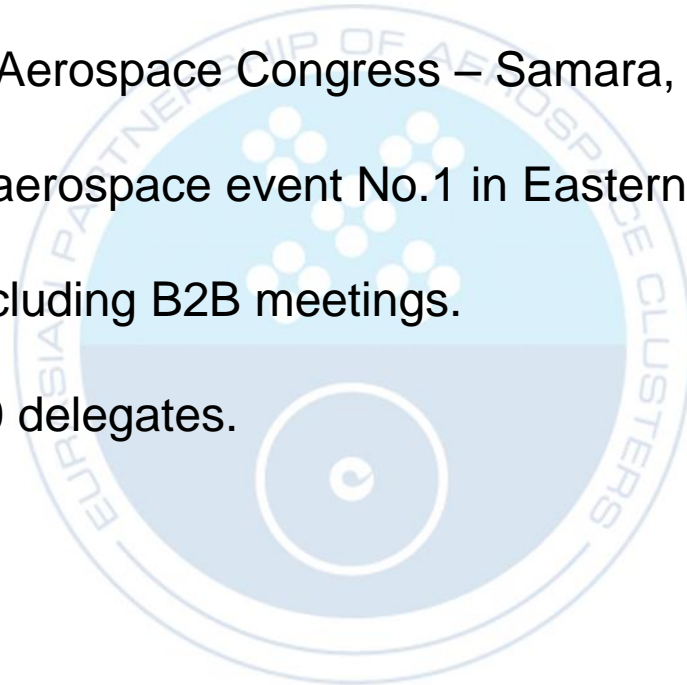

1-rst Eurasian Aerospace Congress – Samara, November 2014

Business aerospace event No.1 in Eastern Europe.

3 days, including B2B meetings.

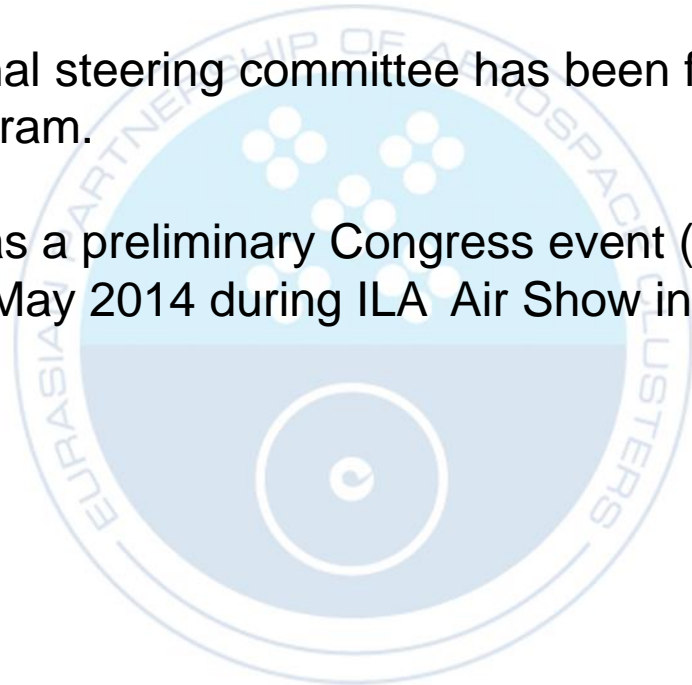

Over 1000 delegates.

The international steering committee has been formed to prepare the Congress program.

A conference as a preliminary Congress event (event preview) will be held in May 2014 during ILA Air Show in Berlin.

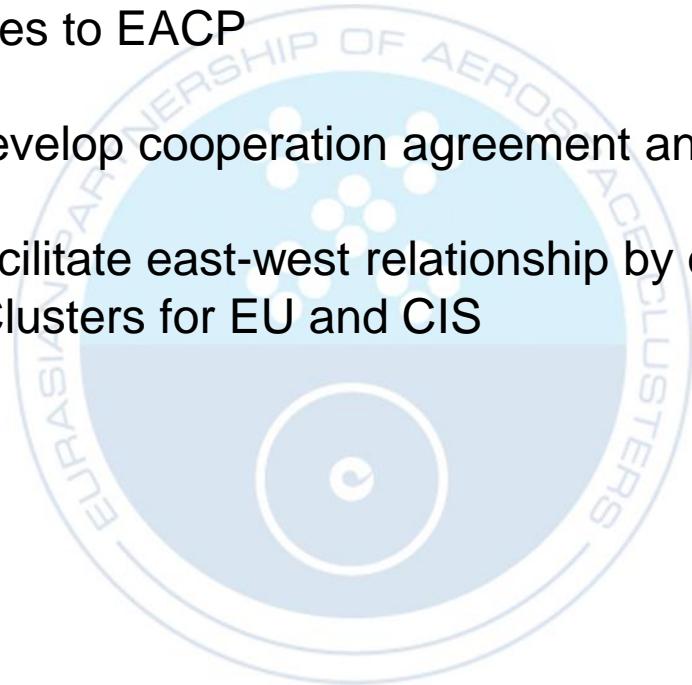

EPAC proposes to EACP

to develop cooperation agreement and joint actions

to facilitate east-west relationship by organizing regional networks of Clusters for EU and CIS

# Avia Invest 2015?

---

Proposal:

Avia Invest

Conference in connection to EACP – EPAC meeting

---

# Stronger together.
