Wirtschaftsakademie Schleswig-Holstein is a private academy and has been working in the field of international management training for more than 30 years. During the last 10 years we have been taking charge of participants from the Baltic Republics, among them Latvia.

In this context we met one very competent and reliable partner: the Riga Managers School under their director Alexey Milovsky. They have performed exceptional organisational work not only in Riga but also in the Latvian countryside and - accompanying training groups - in Germany. Their know-how, punctuality and flexibility is remarkable.

It is our pleasure to give our name as an impeccable reference.
